INTOXIMETERS WISH LIST

Alco-Sensor FST®

The Alco-Sensor FST is the industry's fastest selling Preliminary Breath Testing (PBT) instrument. We are fast approaching 200,000 of these instruments being used in the field, to date. This evidential grade breath alcohol tester produces precise, accurate, and repeatable results on direct breath sample testing. It also offers a simple passive breath testing procedure for fast screening of multiple subjects, as well as the capacity to "sniff" alcohol in an open container by measuring the headspace over the liquid.
